

PUBLIC LEADER

SIXTH YEAR.

MAYSVILLE, KY., MONDAY, APRIL 19, 1897.

ONE CENT.

CATAclysmic CATAPULT!

CATCHERS CAUGHT

Accusers of Hunter Are Indicted Along With Accused.

NIGHTY HESS OF MACKEREL!

DR. W. G. HUNTER.
Spent to The Public Ledger.

FRANKFORT, April 17th.
The expected happened today—and the unexpected also.

The Grand Jury returned indictments for attempted bribery against Dr. Hunter, ex-Congressman John H. Wilson and Hon. E. T. Frank, and the unexpected denouncement was that indictments were returned also against Captain Noel Gaines and his brother-in-law, Thomas H. Tanner, on the same charge.

Gaines and Tanner are Democrats, and the former is the person who went before the Grand Jury to convict Dr. Hunter.

The cases may be tried this term of Court, or they may be tried in September, or if the indictments have the effect intended—that of forcing Dr. Hunter to quit the race—the indictments may be "fired away" as thousands of others have been.

Meanwhile, "Politics is hell!"

Miss Marguerite Rudy of this city, who has been holding a position in Cincinnati for the past year, came up Saturday on a visit to her parents, Mr. and Mrs. George Rudy of Forest Avenue.

The Colonel has all the worldly goods he needs necessary for any one man, and will spend his remaining days about his old home at Mayville, taking his ease.

BOB GOES TO THE WALL!

Robert L. Gillespie Assigns at Lexington Friday.

IS WELL KNOWN IN MAYSVILLE.

Mr. R. L. Gillespie, well known in this and neighboring counties, Friday made a deed of assignment to Mr. L. Ed. Pearce at Lexington.

Mr. Gillespie was proprietor of the "Cyclone Store" in Lexington, and had, until a few years ago, conducted a large store at Toiesboro in Lewis county, but subsequently came to this city and opened a branch store in the Cox Building, and for several years past conducted stores at Augusta and Lexington.

The assignment was precipitated by a suit of the Lord & Myrick Shoe Company to recover on four notes aggregating \$257.47, and by an attachment by the Falls City Manufacturing Company of Louisville.

Gillespie's estate consists of stock of goods in Lexington and stock of goods in Augusta, six acres of land near Knoxville, two lots in Knoxville and nine insurance policies worth \$9,000.

Y. M. C. A. MATTERS.

What the Local Association is Doing For the City's Young Men.

During Secretary Canfield's absence the Association will be in charge of Mr. Joseph Easton, while the physical work will continue under a competent instructor. All should give Joe a helping hand and make things as nice and comfortable around the building as possible. Mr. Canfield leaves tomorrow morning, and will be absent some ten days.

Seldom if ever before has such exquisite violin music been heard in the Association as that rendered by Miss Katherine McCoy, and the only regret expressed by the audience was that they could not hear more than the two selections given. Mr. T. Reed Chunn, whose singing is always appreciated by the young men, sang the "Palma," and Miss Lida Berry presided at the organ with her customary gracefulness.

There is no excuse for any young man in Mayville not feeling welcome at the Young Men's Christian Association. This organization was gotten up for the benefit of young men. It is an excellent institution, and if they don't go and take part in its pleasures they will be the losers. The Association desires your presence in order to satisfy you that it is what it has been represented. "Go and make yourself at home."

The engagements at the Association rooms today will be as follows: 8 p. m., Boy's Gymnasium Class, instead of Wednesday; 7 p. m., meeting of the Religious Work Committee; 8 p. m., Basket Ball in the Gymnasium. Dr. C. C. Owens, who has been kindly sent as Medical Examiner, will be at the Association office between 7:30 and 9:30 o'clock this evening to meet and examine all new members who desire to take systematic exercise in the Gymnasium.

Yesterday's Men's Meeting was a good one—in fact, it was in the nature of a surprise. The music was excellent. Rev. Hilda's talk just the thing for young men to listen to, and the advice given was of the choicest, while the attendance, despite the beautiful weather, was way above what was expected. These Sunday meetings are what the men of our city need, and if more would take advantage of them there would be a big change for the better in the morals of our city. Make your arrangements to attend next Sunday's meeting.

VALUE OF A DOLLAR.

The Science of Economy Satisfactorily Worked Out.

Yoda's Companion.

"If you can demonstrate to me that you can actually relieve distress with a dollar I will give you what you want."

A rich cynic thus answered a woman who had come to him for aid to help the poor of this city. He hoped to silence her and send her away.

"Will you come with me?" said the woman challenged in this novel manner.

The man consented, and in a few minutes the two entered an unsightly tenement. The lady, who knew her husband, led the man up two flights of stairs into a cheerless room. The floor and walls were absolutely barren. The only piece of furniture, besides the bed, a chair and a dilapidated table, was a small stove, in which a cent fire was burning.

There was a middle-aged man in the room with his children, each poorly and thinly clad. The few dishes were empty. Destitution could hardly be more complete. The woman, accustomed to such pathetic sights, soon learned what was most needed, and from long experience she knew just what to purchase.

"Please wait," she said to the rich man, "while I run around to the store."

Full of compassion for this mute suffering, the gentleman waited. In a quarter of an hour a large grocer's basket, filled to the brim, was brought into the room. Soon the little stove threw out comforting heat, and the odor of food gave grateful cheer.

"Do you think this charity well bestowed?" asked the woman, as she left.

"Indeed, I do," came the answer, with a suspicious tremor in the voice.

"Well, here is the list." He took it and read. We quote it word for word:

2 pounds seal, 20
2 pounds kindling, 15
Half pound tea, 10
12 loaves bread, 15
2 pounds oatmeal, 10
2 pounds beef for stew, 10
Half pound sugar, 10
Gallon kerosene oil, 10
Measure potatoes, 10
1 quart milk, 10
Small salt, 10
1 box matches, 10
Total, \$1.00

Without hesitation the man of money took a dollar bill and handed it to the good woman, and the next day she received his check for a thousand like it.

8100—Reward—\$1000.

The owner of this paper will be pleased to learn that there is at least one cured disease that science has been able to cure in all its stages, and that is Cholera. The cure is the only positive cure known to the medical fraternity. Cholera being a constitutional disease, requires a constitutional treatment. Hall's Cathartic Cure is taken internally, acting directly on the blood and mucous surfaces, and thus destroying the foundation of the disease, and giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. WE'RE FOR AMERICA! AMERICANS!

MAY THE LORD, in his infinite mercy and goodness, protect us from another Senatorial election—if we ever get the present one off our hands.

The interest of our public debt increased 50 per cent. during GROVER CLEVELAND's second term in office, but the interest in GROVER CLEVELAND and his party during that time decreased more than 50 per cent.

SOME of those present at the Bryan dinner in Washington a few days ago say they did not hear any one shout, "Harrah for BLACKBURN and damn CABLE!" Well, perhaps the shouters only thought a little bit too loud.

BRYAN is still keeping up his fight on the Cleveland wing of his party. He attacked them viciously in his Jefferson's Birthday speech. He knows that the continuation of this war between the factions of his party is the life of his personal notoriety, and is willing to sacrifice party to self every time.

Great minds will differ. Mr. BRYAN assumed in his utterances regarding the recent election that his cause and himself have been vindicated. On the other hand, that sterling Democratic paper, The Macon (Ga.) Telegraph, which expresses the sentiment of the genuine Southern Democracy, says: "The Democratic success of Monday shows unmistakably that Bryanism and Altgeldism are done for in this country."

The Free-traders must find little real ground for attack upon the Digby Bill when they are compelled to enter the sort of complaint they are now bringing to the front. One of the latest arguments against the bill is that it bases the rate of duty upon tooth brushes upon the number of bristles in each brush, which fact, an able editor says, will cause the teeth of the American people to go to ruin while the bristles are being counted.

One of the highest recommendations that the Digby Bill has thus far—and it has been highly commended from various sections—is the fact that representatives of various foreign Governments are entering protests against it. The object of a Protective Tariff is to take care of American citizens, and when representatives of other parts of the world begin to complain about it it is safe to assume that the purpose of the bill is being accomplished.

DEATH has removed within the past few days two of the prominent figures in the most sensational trial in modern times—Mrs. HENRY WARD BECHER and Mrs. THEODORE TILTON. Mr. BECHER, the defendant and Mr. MOUTON "the mutual friend" in the famous lawsuit died years ago, leaving only the plaintiff THEODORE TILTON now surviving. Mrs. TILTON has been living in strict seclusion in Brooklyn for years, and her death, which occurred last Tuesday, has just been made public. Mr. TILTON has lived for twenty years or so in Paris, and through a prominent lecturer, author and editor at the time of the great scandal, he suddenly dropped out of sight and has been almost forgotten, as have nearly all other circumstances attending the celebrated case.

MR. BAILEY may not be willing to wear a dress suit, but he and his followers can down the Bryan wing of the party in the House of Representatives any day on five minute's notice. They did it last week when they called a caucus and ordered the Bryan Democrats of the House to stop monkeying with the sockless SIMPSON in his attacks upon Speaker REED.

The newspapers of the country are attacking the Populists because they refuse to vote for or against the Tariff Bill and saying that they show political cowardice by their course in this matter. The fact is that the Populists recognize the overwhelming sentiment of the country in favor of Protection, and yet do not dare to go back upon their old alliance with the Democrats, to whom they still look for some crumbs of office, should that party ever again be successful.

The Senatorial scandals in Kentucky and the other states which have had long and disgraceful deadlocks recently are doing more to form a public sentiment which will force a change to the popular vote plan of electing Senators than all the arguments originally advanced by the advocates of this plan could accomplish. Those arguments, indeed, had very little weight, and some of them were absurd. The recent discreditable and demoralizing wrangles, however, furnish reasons for a change of election methods which are obvious and urgent. Conventions might not choose better candidates for Senator than Legislatures select, but under the convention and popular election method one day's voting would end the contest.

MOUNT OLIVET MAN.

He Never Tasted Tea, Tobacco or Whisky, and Weighs Over 200.

Murdoch Throckmorton of Mt. Olivet has a record as an epicurean that is hard to beat.

He never tasted coffee, tea, nor drank any spirituous liquors in his life.

He has never used tobacco in any form and he eats no vegetables.

His diet consists of bread, milk, fruits and meat.

Mr. Throckmorton is 61 years of age and has never been confined to his bed with illness.

He served three years in the Federal Army, and his stock of war reminiscences is unlimited.

His weight is over 200 pounds. The County Committee will meet today and select the Postmasters for Mason County.

Mr. Thomas S. McDonald's announcement as candidate for Chief of Police appears in another column, and the support of the voters of Mayville will be appreciated. Mr. McDonald is one of our best citizens, energetic and impartial and enjoys the esteem of his fellowmen. He is fully qualified for the office as Chief, and pledges his best service to the city if honored with the election.

Mrs. A. Iaven, residing at 730 Henry St., Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctor for it nearly the whole of this time, using various remedies recommended by friends, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. FORECAST

Of Business to Be Transacted in Congress This Week.

The Indian Bill is Expected to Pass Early Monday Morning.

The Senate Civil and Agricultural Bills Will Follow—Senator Davis to Ask to Get a Day Fixed to Take a Vote on the Arbitration Treaty.

WASHINGTON, April 18.—The senate will conclude its consideration of the appropriation bills this week. The Indian bill is expected to pass early Monday, and the sundry civil and agricultural bill will follow in the order named. There is no expectation that there will be any prolonged debate upon any of the bills. There will be an effort to amend the sundry civil bill by the addition of a provision for the regulation of the forest reservations. This may lead to some discussion, but the friends of the amendment do not anticipate much trouble in having the amendment agreed to. Senator Davis will make another attempt Monday in executive session to get a day fixed for taking a vote on the arbitration treaty. He has announced his purpose to press the treaty to final action as early as a date as possible. The matter of pairs has been definitely arranged on the basis of two votes for the treaty to one against it. It is not believed that a great deal of time will be given to the treaty during the week, whatever the degree of Mr. Davis' success in securing an agreement for a date for a vote.

The bankruptcy bill will continue to hold its place on the calendar as the unsatisfactory business, but it probably will not be seriously pressed. Senator Morgan has announced his intention to insist daily upon the consideration of his Cuban resolution during the morning hour, but he will not block other business with it.

Much of the senate's time will be given to the question of the organization of the senate committees. The republican senators will caucus Monday on the subject.

If the programme proposed is accepted, both the republicans and the democrats will proceed to make selections for the committee vacancies, and this work will require very delicate adjustment in order to satisfy conflicting claims. If the plan is not agreed to by the republicans, the coalition of democrats, populists and silver Republicans will, on Tuesday, move to fill some of the committee vacancies with the view of continuing the process until all are filled. At least such is the present programme.

The house this week will continue the programme of three-day adjournments unless the Indian appropriation bill is returned from the senate when it meets on Wednesday. The complications arising out of the situation in eastern Europe possibly may figure in the proceedings of both houses the latter part of the week.

Holmes Improving.
WASHINGTON, April 18.—The condition of Representative Holmes, of Indiana, Sunday night, shows some improvement. His physician believes the alarming features of the case have passed, though he is still quite weak. His strength appears to be returning very slowly, and he takes more nourishment.

Issue of Proceedings.
WASHINGTON, April 18.—The house by a party vote decided to adjourn from Saturday until Wednesday. The session was comparatively brief and was devoted almost entirely to explanations by Messrs. Haller, Dearmond and others of their positions in the contest within the Democratic party in the house as to what course the party should pursue with reference to the republicanism of a journal for three days at a time without attempting to enact legislation. The vote Saturday was a party one. Mr. Bailey opposed adjournment because Mr. Brand would be shut off from offering a Pacific railroad resolution.

The First Arbitration.
WASHINGTON, April 18.—The name of Baron Courcelle, the eminent French jurist and diplomat, at present French ambassador to Great Britain, probably will be suggested as the fifth or final arbitrator on the court of arbitration between Venezuela and Great Britain. The treaty recently ratified by these two governments provides that the fifth arbitrator shall be chosen by the four designated to represent the two countries, and in the event of their inability to agree on a fifth, then King Oscar of Norway and Sweden, is to name the final arbitrator. There appears to be little doubt, however, that the four arbitrators will reach an agreement.

The Daulities Rescued.
JACKSONVILLE, Fla., April 18.—The steamer Daulities, which was released by order of the United States Court Saturday, started down the river Sunday afternoon and was halted by the tyrannic cruiser Yavapai. A search was made but nothing being found the Daulities was allowed to proceed. She will do towing at the bar and have gone down to meet some schooner. Capt. Kilgor, of the cutter Boutwell, took orders to follow the schooner whenever she shall cross the bar, this being intended to prevent a possible filibustering trip, although the Daulities could easily give the Boutwell the slip if desired.

Big Fire in Chicago.
CHICAGO, April 18.—Fire Sunday afternoon destroyed the greater portion of the plant of the Grand Crossover Tack Company at Grand Crossing. A fierce gale was blowing at the time and but for the heroic efforts of the fireman, half a dozen of whom were quite badly injured, much more property would have been destroyed. The loss was \$150,000, with insurance of \$114,000.
